SO CLEAN

CLIPSO & Sanitized® :
safe, protected
walls and ceilings!

**Designed for safety and durability,
the SO CLEAN range is treated with Sanitized®
protective solutions that destroy
99.9% of bacteria.**

Sanitized® prevents mould from forming, and restricts the growth of microbes, fungi, mildew, rot and algae by directly destroying the various bacterial food sources. As a result, these bacteria can neither form nor spread.

Sanitized® -treated SO CLEAN stretched walls and ceilings therefore are, and remain, free of mites. As it is an actual antibacterial and antifungal barrier, Sanitized® delivers long-term action and effectiveness, even after exposure to disinfectants.

SO CLEAN

**A high-quality
custom-made solution!**

In addition to its antimicrobial and antibacterial properties, the SO CLEAN range of coverings can be dimensioned to tailor-made solutions

As it can be adapted to rooms and supply spaces of all shapes and dimensions, the SO CLEAN fabric used on walls and ceilings does more than simply meet hygiene needs. SO CLEAN can also be used with an acoustic solution to reduce unwanted noise.

Managing noise also means creating a different, quieter ambiance, a definite asset when it comes to the comfort of your waiting rooms and surgeries.

SO CLEAN

Also embellishes
pools and spas...

SO CLEAN creates pleasant, user-friendly spaces, while at the same time optimising hygiene in recreational areas.

Brightness, quiet, cleanliness... the benefits of the SO CLEAN range are perfectly suited to the requirements for pools and spas. As recreational spots and get-aways, aquatic spaces must reflect a combination of aesthetics, practicality and attention to hygiene.

SO CLEAN comes with lighting or acoustic solutions to suit the desired requirements for each location, to achieve a perfect blend with the theme of the atmosphere, or help set a distinctive tone.

SO CLEAN : the antibacterial covering for specific hygiene-sensitive environments

Kelderman Orthodontics - Architect : ARHK

Swimming pool, leisure area - United Kingdom

SO CLEAN adequately meets the specific requirements for hospitals, doctors' surgeries and waiting rooms, as well as swimming pools and spas, by actively helping to create a safe, reassuring environment.

Designed to combat bacterial and fungal growth, the SO CLEAN range of fabrics is particularly suited to medical settings and moist environments. Classified A+ and GREENGUARD Gold certified, SO CLEAN kind to humans and to the environment as its coverings are guaranteed free of volatile or cancer-causing atmospheric emissions.

The antibacterial fabric can be installed in a matter of hours by a cold-laying process, with minimal inconvenience to medical staff and employees, thus providing them with a wellness area in which to carry on their regular activity.
